Arranging all tests arising from the rounds and following up the results the same day. - Undertake weekend ward rounds when rostered on duty. • Maintain an accurate and legible clinical record for each patient including:

Area	Area
	<ul style="list-style-type: none"> • History and examination record • Clinical records must be updated as often as indicated by the patient's condition. • An up to date problem plan with the time and date and a legible signature. • Assist in the review of all pathology, radiology and other diagnostic reports on a daily basis, notifying the registrar of significant results. • Consultants or Registrars where applicable shall be notified of admissions, significant changes in patients condition causing some concern, and deaths as soon as practicable • Participate in the discharge process, providing where possible within 24 hours electronic discharge summaries for each patient discharged, ensuring that discharge medications have been correctly prescribed in consultation with the registrar. • Liaise with other staff members, departments and General Practitioners in the management of the team's patients. Coordinate the care ensuring appropriate referrals are made and the medical management plan is implemented in consultation with the Registrar and the Consultant. • Communicate with the patients and their families about the patient's illness and treatment where appropriate • Participate in the weekend and rostered night call in the acute medical wards as per the agreed roster.
Administration	<ul style="list-style-type: none"> • Maintain a satisfactory standard of documentation in the files of patients. All prescriptions and notes are to be signed, with a printed name and locator number legibly recorded; • Be responsible for certifying death and complete appropriate documentation; • At the direction of the Clinical Director, assist with operational research in order to enhance the performance of the Service; • Obtain informed consent for procedures within the framework of the Medical Council guidelines which state: <ol style="list-style-type: none"> 1. "The practitioner who is providing treatment is responsible for obtaining informed consent beforehand for their patient. The Medical Council believes that the responsibility for obtaining consent always lies with the consultant – as the one performing the procedure, they must ensure the necessary information is communicated and discussed." 2. "Council believes that obtaining informed consent is a skill best learned by the house surgeon observing consultants and experienced registrars in the clinical setting. Probationers should not take informed consent where they do not feel competent to do so. • If absent due to unexpected circumstances (e.g. health, other), contact the RMO Support Unit or Duty Manager directly as well as the Consultant to which the registrar is clinically responsible in the absent duty. • As an RMO working at WDHB you will be provided with a Concerto login and a WDHB email account which will be used for all work related communication. It is your responsibility to ensure you check this regularly.
