Training in the use of the computer and software will be given at the start of the run. • The registrar will have responsibility for following up any investigations ordered, which includes electronic sign-off of results. • Other administrative paperwork such as database maintenance or death certificates will be completed as required.

Section 2: Training and Education

Details

Each registrar will be assigned to a clinical supervisor, who will be their nominated supervisor and assist in developing learning objectives for the run and provide guidance and training through regular meetings and tutorials.

Ongoing education will be provided by consultants in Kidz First, and in the Paediatric Emergency Care Department. Individualised educational objectives for each registrar will be arranged with the registrar's supervisor at the beginning of the run.

The registrar will have on average 4 hours each week to attend education sessions or follow up clinical cases in the library. The education sessions available are voluntary, and should be discussed with the registrar's supervisor at the start of the run. Protected time for the sessions will be allowed, and covered with locum or paediatric consultant cover, depending on work-load. Sessions include:

- Weekly Paediatric Teaching – Kidz First seminar room, 0815- 9:00 Friday mornings.
- X-ray Conference - Middlemore Hospital,
- Kidz First Grand Rounds.
- Paediatric Updates and Starship Grand Rounds.(via videoconference link)
- Clinical supervision provided directly and indirectly through the Emergency Care Department and Paediatric Inpatient ward rounds.
- Teaching sessions are run by Auckland University Department of Paediatrics for trainees sitting the FRACP exam - Thursday afternoons 3 pm. (Linked by Videoconference to Kidz First)

The registrar is expected to contribute to the training of allied health and nursing staff.
