

RUN DESCRIPTION

POSITION:	Registrar – 2nd year +	
DEPARTMENT:	Mental Health Services	
PLACE OF WORK:	Psychiatry of Intellectual Disability, Regional Dual Disability Service (RDDS), 6/17 Lambie Drive, Manukau	
RESPONSIBLE TO:	Group Manager and Clinical Director, Mental Health Services through the supervising Consultant and Team Leader, RDDS (Dr Fleming)	
FUNCTIONAL RELATIONSHIPS:	Health care consumers, Community and Hospital & Community based health care workers, Residential Care providers, Schools, Daycentres.	
NATURE OF	The attachment is to a clinical team of medical, psychology and	
ATTACHMENT:	nursing staff. At times this may include nursing students and Trainee Interns.	
PRIMARY OBJECTIVE:	To facilitate assessment and treatment of clients under the care of the Service. To learn the skills needed to diagnose and treat clients with intellectual disability, Autism or Aspergers, and a mental health condition. To develop an awareness of physical health issues, particularly epilepsy, that impact on diagnosis and treatment in this client group.	
RUN RECOGNITION:	This attachment is recognised by RANZCP as a training position for specialist qualification.	
	C Monthe	
RUN PERIOD:	6 Months	

Section 1: Registrar's Responsibilities

Area	Responsibilities	
General	 Clinical Duties: The Registrar is responsible to his/her supervising Consultant, Dr Fleming, for the care and management of clients in their service area. 	
	• The Registrar will be available to attend the weekly multidisciplinary team meeting and will be available each day for multidisciplinary discussion of cases with other members of the team, as needed. The registrar will have a current knowledge of the progress of clients under his/her care, following intial observation and training period with Dr Fleming.	
	• The Registrar will ensure that the Consultant or other team member is informed of all admissions and significant events in the course of the care of clients under the care of the team (e.g. change in mental state, increase of risks to client/carer, unusual laboratory findings, deterioration of epilepsy, non-concordance with treatment etc) and will update the Consultant on any significant changes in client management. Registrar will liaise with GPs and Hospital or Community Specialists as needed for clients' physical health care	

Area	Responsibilities		
	 needs. The Registrar will be responsible for the day to day management of clients as follows: the assessment of patients referred, including relevant assessment and ongoing management of physical health issues the development and implementation of treatment plans, in conjunction with the client and caregivers, the multi-disciplinary team, relevant community mental health centre team members and the supervising Psychiatrist ongoing monitoring and review of treatment plans in accordance with changes in clinical condition of clients maintenance of adequate records for the documentation of assessment, treatment plans and ongoing reviews participation in a multidisciplinary approach to treatment 		
	After-hours responsibilities		
	• Registrars participate in coverage of the mental health service outside of normal working hours, under the supervision of the on-call consultant. When rostered on after hours duty Registrars are required to be on site at Middlemore Hospital and will take calls for the whole of the service. This may include answering calls from Community Mental Health Nurses and General Practitioners and arranging to have clients assessed, if necessary. If Registrar assessment is required, this can be undertaken in a community setting or in Tiaho Mai.		
	• Registrars provide assessment and review of clients presenting to and currently within the services. Functions in relation to the Mental Health Act will be discussed with the on call Psychiatrist. The on call Psychiatrist may involve the Director of Area Mental Health Services if necessary.		
	• It is expected that during after hours duty registrars in one shift work collegially with a spirit of co-operation and flexibility in the allocation of clinical duties and share the workload when it is uneven or busy. This is to provide optimal registrar support and responsiveness to clients.		
	• A call should routinely be made during the course of the duty (evenings and weekends) by the Registrar to inform the on-call psychiatrist of events which occur during the period of after hours duty. Issues to be discussed should include, but may not be limited to:		
	 new assessments made in the emergency department, where the person is not admitted admissions current inpatients who wish to discharge themselves against advice current inpatients who are absent without leave, and who are categorised as "A" category AWOL (or for whom no categorisation has already been determined) assessments made of people referred from within the general hospital wards other clinical problems requiring consultant support, as 		

Area	Responsibilities	
	 determined by the level of experience of the registrar All calls in relation to children or adolescents will be discussed with the on-call Child Psychiatrist for the region At all changes of duty adequate handover will be given to the incoming Registrar in relation to matters arising on call. A ward round will be conducted in conjunction with the on call Psychiatrist at Tiaho Mai on weekends/public holidays. 	
Administration	 Maintenance of comprehensive documentation in clinical files, including: letters to other health professionals or agencies regarding assessments and treatment processes timely discharge summary letters medication orders, including prescriptions, medication updates and reasons for changes Completion of any special documentation or database entry of health information as required by the Unit Consultant or Manager Participation in weekly team case conferences Follow up laboratory and other investigations as necessary, using electronic systems and other records as appropriate Check and attend to email correspondence on CMDHB email account in a timely manner Obtain informed consent for procedures within the framework of the Medical Council guidelines (see footnote 1) Contact the Team Manager/Service Manager to report any unplanned absences. In consultation with the Clinical Director, assist with operational research in order to enhance the performance of the Service. 	

Footnote 1 The practitioner who is providing treatment is responsible for obtaining informed consent beforehand for their patient. The Medical Council believes that the responsibility for obtaining consent always lies with the consultant – as the one performing

the procedure, they must ensure the necessary information is communicated and discussed. Council believes that obtaining informed consent is a skill best learned by [the house surgeon] observing consultants [and experienced registrars] in the clinical setting. RMOs [Probationers] should not take informed consent where they do not feel competent to do so.

Section 2: Training and Education

Nature	Details
Protected Time	The following educational activities will be regarded as part of normal duties (unless attendance is required for other duties as per roster)
	 Orientation at the beginning of the run and ongoing support throughout due to specialized nature of work
	• Participation in the Registrar teaching programme, one full day per week during the academic semester [day dependent on registrar training year] as scheduled by the Regional Training Committee. When there is no scheduled programme, registrars are expected to attend to clinical duties unless otherwise negotiated with their supervising psychiatrist.
	• Attendance and participation at other service and unit based education sessions as scheduled, including Monday Journal Club. This will include at least one presentation by the registrar during the course of the rotation, in accord with current standards for such presentations and in conjunction with the supervising psychiatrist.
	 Participation in weekly Registrar group meetings with the Training Facilitator or Director
	• Attendance at least I hour of individual supervision (2 hours if first year trainee) each week with the supervising Psychiatrist, at a time to be arranged with the Psychiatrist. At least 4 hours of supervision of clinical practice will be provided each week.
	• Time will be given to enable participation in preparation to fulfil the examination requirements for FRANZCP Basic and Advanced training.
Training and development	Opportunities are available for ECT training
activities	 A research project may be undertaken during the attachment, subject to the approval of the Clinical Director - Mental Health and Ethics Committee
Training and development of other staff	• Through example and supervision the Registrar will actively contribute to the education of House Officers, Trainee Interns and medical students when allocated to them.
	 The Registrar is expected when possible to provide education and/or training for staff of other disciplines in relation to aspects of medical/psychiatric assessment and treatment, within the service setting.
