Section 1: House Officer's Responsibilities

<i>Area</i>	<i>Responsibilities</i>
Clinical Duties	<ul style="list-style-type: none"> The House Officer will attend acute and elective admissions to the Department, construct a problem list, complete MSQ sheet, and request basic investigations on admission (clinical indicator). Inpatients will be attended daily on weekdays and particular attention paid to problem list. The House Officer will admit, document clearly and manage medically all patients admitted into the ward under supervision of the named consultant. The House Officer will be responsible for attending ward rounds, arranging investigations, obtaining results, as well as the day to day medical care of the patients. The House Officer will also be expected to attend the multidisciplinary meetings, x-ray conferences and some family meetings. The House Officer will attend ward rounds and will actively participate in the management of patients, following Consultant and Registrar advice and when neither of these is available on site seeing patients and seeking assistance as appropriate. The House Officer is expected to liaise with the other health professionals in the unit to ensure the required level of coordinated care to patients. This may include meeting each morning with the Charge Nurse of their unit. House Officers are expected to ensure their patients are safely and efficiently handed over. The House Officer will maintain a high standard of communication with patients, patients' families and staff. The House Officer will confer at all times with other clinical team members regarding rehabilitation / discharge planning and progress of patients.

Area	Responsibilities
	<ul style="list-style-type: none"> • During weekdays the House Officer is expected to perform ward calls on patients in AT&R, and Medical wards if on call in the evening with referral to the Subspecialty Registrar on site if required, and support from the on call Renal Registrar/HMO and AT&R SMO if needed. • At weekends the AT&R House Officer will work with one of the General Medicine Registrars on the Medical ward to admit both General Medicine Subspecialty patients to the ward when rostered on call. The House Officer is also expected to perform ward calls on patients in the appropriate assigned wards if on call for General Medicine. • Clinical skills, judgement and knowledge are expected to improve during the attachment. • CMDHB Clinical Board policies are to be followed at all times.
Administration	<ul style="list-style-type: none"> • Legible notes will be written in patient charts on admission, daily on weekdays and whenever management changes are made, and comply with CMDHB documentation policy. • All instructions (including drugs, IV fluids and instructions for nursing) will be accurately and legibly recorded and legibly signed. • Appropriate laboratory tests will be requested and results sighted and electronically accepted on a daily basis. Abnormal results must be discussed with the Registrar and or Consultant. Referrals will be made at the Consultant's request to other specialists/units, clearly stating the problem to be addressed. • Discharge documentation should be completed prior to the patient being discharged. Patients will receive a copy of the comprehensive Electronic Discharge Summary (EDS), a prescription, and follow up appointment if required. Where early GP follow up is anticipated or the case is complicated the House Officer should ensure the GP is updated by telephone. • The House Officer may, at the Registrar's request, be responsible for completion of death certificates of patients who had been under their care. • The House Officer is expected to attend the AT&R weekly clinical teaching. There is mandatory attendance at the monthly Mortality Review Meeting and the quarterly Orientation and Quality Assurance meetings (unless on urgent clinical duties). • Obtain informed consent for procedures within the framework of the Medical Council guidelines which state: <ol style="list-style-type: none"> 1. "The practitioner who is providing treatment is responsible for obtaining informed consent beforehand for their patient. The Medical Council believes that the responsibility for obtaining consent always lies with the consultant – as the one performing the procedure, they must ensure the necessary information is communicated and discussed." 2. "Council believes that obtaining informed consent is a skill best learned by the house surgeon observing consultants and experienced registrars in the clinical setting. Probationers should not take informed consent where they do not feel competent to do so." • If absent due to unexpected circumstances (e.g. health, other), contact the RMO Support Unit or Duty Manager directly as well as the Consultant to which the registrar is clinically responsible in the absent duty
