## Section 1: Registrar's Responsibilities

<i>Area</i>	<i>Responsibilities</i>
<b>Clinical Duties</b>	<ul style="list-style-type: none"> <li>• The Registrar is responsible for the day to day medical care of Diabetes inpatients on Ward 33 and will undertake a daily morning round of all these patients.</li> <li>• The Registrar will provide a Diabetes Subspecialty referral service to the Inpatient Service by clinical oversight of the Diabetes Nurse Specialists and offer advice to other Medical Staff. The Registrar is expected to ensure the appropriate liaison occurs between the various health care providers to ensure the required level of co-ordinated care to the patients is achieved and maintained.</li> <li>• The Registrar will attend rostered Diabetes outpatient clinics and will endeavour to see outpatients at their scheduled appointment times. Outpatients not previously seen in the Department, or who are to be discharged, will be discussed with a Consultant Physician when possible.</li> <li>• The Registrar responsibilities for Diabetes outpatient clinics will be: <ul style="list-style-type: none"> <li>– Assessment of patients to optimise glycaemic control and identify diabetic complication risk</li> <li>– Clinical risk factor management</li> <li>– Facilitate co-ordination of other health care professionals involved in overall medical management of patients within the Diabetes Service.</li> <li>– Optimise diabetes management and glycaemic control in diabetes in pregnancy clinics.</li> </ul> </li> </ul>

Area	Responsibilities
	<ul style="list-style-type: none"> <li>– Facilitate support of Eye Clinic in diabetes management and glycaemic control including risk factor management for patients referred into Diabetes Clinic by Eye Service.</li> <li>• The registrar will be available during outpatient clinic sessions to support the Diabetes Ulcer Clinic as follows: <ul style="list-style-type: none"> <li>– Facilitate admission to hospital process for patients with ulcer requiring admission</li> <li>– Prescribe appropriate medications as required</li> <li>– Undertake specific investigations required to support ulcer clinic - e.g. biopsy</li> <li>– Support multidisciplinary team to optimise Diabetes management and glycaemic control risk factor management.</li> </ul> </li> <li>• The Registrar will maintain a high standard of communication with patients, patients' families and staff. The Registrar will confer at all times with other clinical team members regarding discharge planning and progress of patients</li> <li>• The registrar will be expected to participate in the General Medical Roster on nights and to provide back up cover.</li> <li>• Clinical skills, judgement and knowledge are expected to improve during the attachment.</li> <li>• CMDHB Clinical Board policies are to be followed at all times.</li> </ul>
<b>Administration</b>	<ul style="list-style-type: none"> <li>• Legible notes will be written in patient charts on assessment / admission, and whenever management changes are made. All documentation should comply with CMDHB Clinical Board documentation policy.</li> <li>• All instructions (including drugs, IV fluids and instructions for nursing) will be accurately and legibly recorded and legibly signed.</li> <li>• The Registrar will be expected to participate in audit programmes within Internal Medicine and, in particular, will be responsible for completion of a mortality audit form for each patient dying under his/her care and presenting this to the Consultant.</li> <li>• A letter will be dictated to the patient's GP after each outpatient visit.</li> <li>• The results of all investigations will be sighted and signed electronically. The Registrar will refer results to the Consultant where there is uncertainty about the significance of the result.</li> <li>• The Registrar is responsible for the completion of death certificates for patients who have been under their care, although this may be delegated to a House Officer.</li> <li>• The Registrar is expected to attend the weekly Medical Division Clinical Meeting. There is mandatory attendance at the monthly Mortality Review Meeting and the quarterly Orientation and Quality Assurance meetings (unless on urgent clinical duties).</li> <li>• Obtain informed consent for procedures within the framework of the Medical Council guidelines which state: <ol style="list-style-type: none"> <li>1) "The practitioner who is providing treatment is responsible for obtaining informed consent beforehand for their patient. The Medical Council believes that the responsibility for obtaining consent always lies with the consultant – as the one performing the procedure, they must ensure the necessary information is communicated and discussed."</li> <li>2) "Council believes that obtaining informed consent is a skill best learned by the house surgeon observing consultants and experienced registrars in the clinical setting. Probationers should not take informed consent where they do</li> </ol> </li> </ul>

Area	Responsibilities
	<p style="text-align: center;">not feel competent to do so.”</p> <ul style="list-style-type: none"> <li>• If absent due to unexpected circumstances (e.g. health, other), contact the RMO Support Unit or, if after hours the Duty Manager directly as well as the Consultant to which the registrar is clinically responsible in the absent duty</li> <li>• As an RMO working at CMDHB you will be provided with a Concerto login and CMDHB email account which will be used for all work related communication. It is your responsibility to ensure you check this regularly</li> </ul>
