Section 1: Responsibilities

<i>Area</i>	<i>Responsibilities</i>
Clinical Duties & Work Schedule	<ol style="list-style-type: none"> Attend registrar and House Officer handover meeting each weekday morning. Be responsible for the admission of elective surgical patients from the waiting list in consultation with the Specialists from the service. Be responsible for the reception of GP enquiries for admissions; and the assessment and admission if appropriate of such patients. Keep the Specialist on call informed about acute admissions, particularly in the case of seriously ill patients. Carry out, with the House Officer, a daily ward round during ordinary hours and on Saturdays, in order to oversee ongoing investigation and management of in-patients. Participate in and supervise the discharge process, particularly communication with the General Practitioner. Ensure that in the event of a consultation being requested by another Service or ward, the patient is promptly seen and the on call Specialist made aware of the problem. Attend all team elective operating sessions and outpatient clinics as allowed by the acute roster. The senior registrars will be rostered to cover the acute theatre during normal working hours. House Officers will be assigned a home team and supervisor, however are

<i>Area</i>	<i>Responsibilities</i>
	<p>allocated to the General Surgery service as a whole, with workload reviewed daily and shared across the 12 House Officer positions.</p> <p>11. During an after-hours shift, the participants on this run will contribute to an after-hours team. The House Officers will work generically across General Surgery, Urology, Orthopaedics, and Medical Specialties over this time, however will work in their designated service wherever possible.</p>
Administration	<ul style="list-style-type: none"> • Maintain a satisfactory standard of documentation in the files of patients. All prescriptions and notes are to be signed, with a printed name and locator number legibly recorded; • Be responsible for certifying death and complete appropriate documentation; • At the direction of the Clinical Director, assist with operational research in order to enhance the performance of the Service; • Ensure the discharge summary is completed on Concerto and forwarded to the General Practitioners, following outpatient visits in a timely fashion; • Obtain informed consent for procedures within the framework of the Medical Council guidelines which state: <ol style="list-style-type: none"> 1. "The practitioner who is providing treatment is responsible for obtaining informed consent beforehand for their patient. The Medical Council believes that the responsibility for obtaining consent always lies with the consultant – as the one performing the procedure, they must ensure the necessary information is communicated and discussed." 2. "Council believes that obtaining informed consent is a skill best learned by the house surgeon observing consultants and experienced registrars in the clinical setting. Probationers should not take informed consent where they do not feel competent to do so. • If absent due to unexpected circumstances (e.g. health, other), contact the RMO Support Unit or Duty Manager directly as well as the Consultant to which the registrar is clinically responsible in the absent duty. • As an RMO working at WDHB you will be provided with a Concerto login and a WDHB email account which will be used for all work related communication. It is your responsibility to ensure you check this regularly.
