Section 1: Responsibilities

<i>Area</i>	<i>Responsibilities</i>
Clinical Duties & Work Schedule	<ul style="list-style-type: none"> • Be responsible for the admission of intensive care patients from within North Shore Hospital or where transferred from other hospitals. However, note that the final decision for admission of a patient to the ICU is made by the duty ICU specialist and must be discussed with the latter. • Assist the duty intensive care specialist in the resuscitation and day to day management of patients within the ICU. • Be responsible for the process of transfer to another NSH ward, or discharge outside NSH (eg to another hospital), of intensive care patients. However, note that the final decision for transfer or discharge is made by the duty ICU specialist and must be discussed with the latter. • Keep the duty ICU specialist informed about the state of ICU patients, particularly the critically ill ones and/or those which may need complex technical skills to resuscitate. • Through the hours rostered, to be immediately available to respond to nursing staff requests to see patients urgently in the unit. • To liaise closely with the nurse coordinator of each shift, particularly re patient admissions and transfer/ discharges. • Ensure that in the event of a consultation being requested by another service or ward, the patient is promptly assessed and the duty ICU specialist is made aware of the problem. • To assist in the transfer of critically ill patients within NSH or to another hospital as

Area	Responsibilities
	<ul style="list-style-type: none"> • thought appropriate by the duty ICU specialist. • Carry and respond to the cardiac arrest pager (as part of the NSH cardiac arrest team) during rostered hours. Calls through to this pager include cardiac arrest calls, trauma calls, medical emergency calls, maternal emergency calls, and standard consultations. • Where the ICU has agreed to advise in management of a patient on the ward, to liaise with the ward medical/ surgical team and to do repeated re assessments of the patient as necessary.
Administration	<ul style="list-style-type: none"> • Maintain a satisfactory standard of documentation in the files of patients. All prescriptions and notes are to be signed, with a printed name and locator number legibly recorded; • Be responsible for certifying death and complete appropriate documentation; • At the direction of the Clinical Director, assist with operational research in order to enhance the performance of the Service; • Obtain informed consent for procedures within the framework of the Medical Council guidelines which state: <ol style="list-style-type: none"> 1. “The practitioner who is providing treatment is responsible for obtaining informed consent beforehand for their patient. The Medical Council believes that the responsibility for obtaining consent always lies with the consultant – as the one performing the procedure, they must ensure the necessary information is communicated and discussed.” 2. “Council believes that obtaining informed consent is a skill best learned by the house surgeon observing consultants and experienced registrars in the clinical setting. Probationers should not take informed consent where they do not feel competent to do so. • If absent due to unexpected circumstances (e.g. health, other), contact the ICU/HDU directly or the RMO Support Unit (Duty Manager after hours) directly as well as the Consultant to which the registrar is clinically responsible in the absent duty. • As an RMO working at WDHB you will be provided with a Concerto login and a WDHB email account which will be used for all work related communication. It is your responsibility to ensure you check this regularly.

Section 2: Training and Education

Nature	Details
Protected Time	<p>The registrar will attend (unless attendance is required for emergencies in the unit), the:</p> <ul style="list-style-type: none"> • ICU teaching session (weekly, on Tuesday) • ICU Journal Club alternate Thursday mornings • M + M every second month (on Tuesday, in lieu of teaching, attendance mandatory) <p>It is recognised that the training registrar’s primary speciality may not be Intensive Care and that they will wish to attend their primary speciality meetings (eg teaching round, journal club, grand round, medical science lecture) – this is facilitated whenever possible, given that their primary responsibility is to the intensive care unit while rostered on for it. The duty ICU specialist will decide whether conditions within the ICU permit the registrar to attend the meeting.</p>

Section 3: Roster

Hours Of Work

The hours of work for the registrar are:

Rostered shifts:

- Short Day Shifts 0800 -1600
- Long Day shifts 0800 – 2100
