<b>RESPONSIBLE TO:</b>	Service Manager and Clinical Director through their supervising Consultant(s) and the Clinical Head.
<b>FUNCTIONAL RELATIONSHIPS:</b>	Health care consumers Hospital and community based health care workers
<b>PRIMARY OBJECTIVE:</b>	To facilitate the safe and effective management of inpatients under the care of the Acute Stroke Unit, and Medical Services.
<b>RUN RECOGNITION:</b>	This run is eligible for recognition as part of an appropriate training program for specialist qualification.
<b>RUN PERIOD:</b>	6 months

## Section 1: Registrar's Responsibilities

<i>Area</i>	<i>Responsibilities</i>
<b>Clinical Duties</b>	<ul style="list-style-type: none"> <li>• The Registrar is responsible for the day to day medical care of patients in the Acute Stroke Unit (ASU) and will undertake a daily morning round when on duty during the ordinary hours of all patients in ASU.</li> <li>• The Registrar will undertake investigation or treatment of patients in the ASU where appropriate and request assistance from the Consultant on call when required.</li> <li>• The Registrar will attend "Code Stroke" calls with consultant supervision.</li> <li>• The Registrar will review inpatient stroke referrals with consultant supervision.</li> <li>• The Registrar is expected to attend and present overview of stroke patients in ASU and stroke outliers at the weekly multi-disciplinary ward meetings (on Wednesday). The Registrar or House Officer will attend daily "huddles" ("mini-multidisciplinary ward meetings on Monday, Tuesday, Thursday and Friday).</li> <li>• The Registrar will be available to attend Consultant ward rounds when on duty during the ordinary hours and will have a current knowledge of the progress of inpatients under their care.</li> <li>• The Registrar will maintain a high standard of communication with patients, patients' families and staff. The Registrar will liaise with members of the ASU Multidisciplinary Team and with AT&amp;R and other rehabilitation services for the acute care and rehabilitation of patients, regarding discharge planning and progress of patients.</li> </ul>

Area	Responsibilities
	<ul style="list-style-type: none"> <li>• The Registrar will supervise the work of a House Officer, with whom they will organise the investigation and management of inpatients under the care of the department. The Registrar is expected to ensure their patients are safely and efficiently handed over and to liaise with the other health professionals in the unit to ensure the required level of coordinated care to the patients is achieved and maintained.</li> <li>• The Registrar will attend rostered outpatient clinics, up to one session per week, and endeavour to see outpatients at their scheduled appointment times. All patients seen by the registrar will be discussed with the supervising stroke consultant.</li> <li>• The registrar will participate in the daily rapid access TIA/AF clinic (for approximately 2 months during the 6 month rotation), assessing new referrals and instigating investigations and treatment with consultant supervision.</li> <li>• Clinical skills, judgement and knowledge are expected to improve during the attachment.</li> <li>• CMDHB Clinical Board policies are to be followed at all times.</li> </ul>
<b>Administration</b>	<ul style="list-style-type: none"> <li>• E-Notes or legible paper notes are to be written in patient charts and a daily problem list and management plan will be compiled for each patient. The opinion of the Consultant will be recorded. All documentation should comply with CMDHB Clinical Board documentation policy.</li> <li>• The Registrar will review the Electronic Discharge Summaries (EDS) prepared by the team House Officer. The Registrar will send an amended EDS or dictate an additional letter to the GP after patient's discharge from hospital when complexity of diagnosis and management, or results of investigations available after discharge, makes this necessary.</li> <li>• The Registrar is responsible for the accuracy of the principal and secondary diagnoses and treatment/management and procedures performed recorded on the EDS.</li> <li>• All instructions (including drugs, IV fluids and instructions for nursing) will be accurately and legibly recorded and legibly signed.</li> <li>• The Registrar will be expected to participate in audit programmes within Internal Medicine and, in particular, will be responsible for completion of a mortality audit form for each patient dying under his/her care and presenting this to the Consultant.</li> <li>• The registrar will be expected to participate in the stroke teaching programme delivering approximately 2-3 teaching presentations to the stroke department and wider multidisciplinary team over a 6 month run.</li> <li>• A letter will be dictated to the patient's GP after each outpatient visit.</li> <li>• The results of all investigations will be sighted and signed electronically. The responsibility for results relating to inpatients may be shared with the team House Officer. The Registrar will refer results to the Consultant where there is uncertainty about the significance of the result.</li> <li>• The Registrar is responsible for the completion of death certificates for patients who have been under their care, although this may be delegated to a House Officer.</li> <li>• Attendance at weekly Medical Division Clinical Meeting is expected. There is</li> </ul>

<i>Area</i>	<i>Responsibilities</i>
	<p>mandatory attendance at the monthly Mortality Review Meeting and the quarterly Orientation and Quality Assurance meetings (unless on urgent clinical duties).</p> <ul style="list-style-type: none"> <li>• Obtain informed consent for procedures within the framework of the Medical Council guidelines which state: <ol style="list-style-type: none"> <li>1) “The practitioner who is providing treatment is responsible for obtaining informed consent beforehand for their patient. The Medical Council believes that the responsibility for obtaining consent always lies with the consultant – as the one performing the procedure, they must ensure the necessary information is communicated and discussed.”</li> <li>2) “Council believes that obtaining informed consent is a skill best learned by the house surgeon observing consultants and experienced registrars in the clinical setting. Probationers should not take informed consent where they do not feel competent to do so.”</li> </ol> </li> <li>• If absent due to unexpected circumstances (e.g. health, other), contact the RMO Support Unit or, if after hours the Duty Manager directly as well as the Consultant to which the registrar is clinically responsible in the absent duty</li> <li>• As an RMO working at CMDHB you will be provided with a Concerto login and CMDHB email account which will be used for all work related communication. It is your responsibility to ensure you check this regularly</li> </ul>

## Section 2: Training and Education

	<b>Monday</b>	<b>Tuesday</b>	<b>Wednesday</b>	<b>Thursday</b>	<b>Friday</b>
<b>a.m.</b>	0800 – Medical Handover 0830 – “Huddle”	0800 – Medical Handover 0830 – “Huddle”  1100 – Stroke teaching	0800 – Medical Handover  1100 – Weekly stroke MDT meeting	0800 – Medical Handover 0830 – “Huddle”  1145 – General Medicine Journal Club	0800 – Medical Handover 0830 – “Huddle”

Note: dates and times for the sessions above may change.

In addition to the above timetable, the registrar will participate for 2 months (in blocks) out of 6 months in the rapid access TIA and AF clinic with consultant supervision and teaching of every case seen.

Other teaching is available depending on the sub-speciality of interest. Please refer to Paanui for days and times.

<i>Education</i>
------------------

### *Education*

Through example and supervision the Registrar will actively contribute to the education of House Officers. On occasion, the Registrar may be requested to teach other health care workers and medical students.

There is a weekly (45-60 minute) Stroke teaching session.

There will be a minimum of 4 hours of educational sessions per week which includes specialist Registrar training at Auckland Hospital when clinical duties allow if candidate is a basic trainee or project and CME related time if an advance trainee.

### *Research*

A clinical research project may be undertaken during the attachment subject to approval by the Manager, Medical Services and the Clinical Head - Stroke. Quality improvement activities, such as clinical audit, are also encouraged.

## **Section 3: Roster**

### *Roster*

- Up to 20 long days (0800-2230)
- Up to 7x weekends (1x 0800-2230, 1 x 0800-1600)
- Maximum of 12 nights Nights (2200-0800)
- Monday to Friday 0800-1600
- For the period where Registrars are allocated to relief, they will be paid the medical relief run category and will work the shifts outlined on the published relief roster

Across the CMDHB General Medicine and Medical Specialties services there will be:

- A consistent workload for 3 Registrars overnight (2200-0800).
- In addition there is 1 Registrar rostered to 1600 – 0000 daily in Medical Assessment Unit, who may remain on site until 0400 at the latest to support workload requirements, this is accounted for within the on-call component of the run description.
- A consistent workload for 9 Registrars rostered to weekday long days (Monday-Friday).
- A consistent workload for minimum staffing levels of 14 Registrars are as follow for weekend shifts
  - o 8x Saturday long days
  - o 6x Saturday short days
  - o 6x Sunday long days
  - o 8x Sunday short days.
- Minimum staffing are levels inclusive of Cardiology, Renal and Respiratory service long days and weekends
- Please note – within the published roster/roster template there are additional long days and weekends rostered. This is to provide buffer for both planned and un-planned leave and these shifts are over and above the minimum staffing levels outlined above. Cross cover payments would not apply where the additional/buffer shifts are not filled as these shifts are above minimum staffing levels

## **Section 4: Cover**

### *Other Resident and Specialist Cover*

From 8am to 8pm Monday to Friday a Senior Medical Officer is based in Emergency Care.  
The B Call Consultant is on call to come back to the hospital if required from 4pm to 8am the following day.  
A Stroke Consultant is available to 4pm, Monday to Friday.
