	Obtain informed consent for procedures within the framework of the Medical Council guidelines which state:			
	<ol> <li>"The practitioner who is providing treatment is responsible for obtaining informed consent beforehand for their patient. The Medical Council believes that the responsibility for obtaining consent always lies with the consultant – as the one performing the procedure, they must ensure the necessary information is communicated and discussed."</li> <li>"Council believes that obtaining informed consent is a skill best learned by the house surgeon observing consultants and experienced registrars in the clinical setting. Probationers should not take informed consent where they do not feel competent to do so</li> </ol>			

Chief Resident duties	Maintain the RMO rosters once published by the Rosterer, making and tracking changes to cover leave and other absence
	Work with the RMO group to arrange cover internally where relievers or locums are not available
	Keep the SCD and Operations Manager informed of risk areas where cover cannot be found

## **Section 2: Training and Education**

- In general: 1-2 outpatient clinics per week. One half day per week holding the on call pagers (or as backup when other registrars on leave). Daily ward rounds.
- Cardiology Trainees will have procedure lists assigned to them depending on which 'run' they are doing.
- Non-Cardiology Trainees are not assigned specific procedure lists but are welcome to attend for orientation by
  prior arrangement and if it does not interfere with in/outpatient commitments. Each non-cardiology trainee will
  be rotated through CCU, ward 31 and cardiology ward referral registrar positions during their 6 month
  attachment.
