Section 1: House Officer's Responsibilities

<i>Area</i>	<i>Responsibilities</i>
Clinical Duties - CCU	<ul style="list-style-type: none"> The House Officer will attend acute and elective admissions to the designated cardiology beds on Coronary Care Unit (CCU) and Step Down Unit (SDU), write clear admitting notes, construct a problem list, and request basic investigations. The House Officer will attend ward rounds when rostered on duty under the supervision of the team SMO and Registrar and will actively participate in the management of patients, following Consultant and Registrar advice. The House Officer is expected to liaise with the other health professionals in the unit to ensure the required level of co-ordinated care to the patients. This may include meeting each morning with the Charge Nurse of their unit. House officers are expected to ensure their patients are safely and efficiently handed over. Opportunities for gaining additional cardiology experience will be available. Clinical skills, judgement and knowledge are expected to improve during the attachment. The role will involve supervision of treadmill tests.
Clinical Duties – Rheumatology	<ul style="list-style-type: none"> The House Officer will work under the supervision of the Rheumatology Registrar and the Rheumatology Consultant Physician. There are on average three to five Rheumatology patients at any one time. The House Officer is responsible for Rheumatology patients in the wards, and specialist units and as directed by the Rheumatology Registrar. Any concern should be relayed immediately to the Registrar or Consultant on call.

Area	Responsibilities
	<ul style="list-style-type: none"> • The House Officer is responsible for admission of Rheumatology patients to the wards during their hours of attachment and for maintaining a high standard of legible medical records, particularly an up-to-date acute problem list. Clearly written and up-to-date medication charts are also a priority. The House Officer is primarily responsible for arranging all investigations on Rheumatology patients and accepting the results. The House Officer should have an overall understanding of the patient's progress, facilitating prompt and efficient ward rounds and hospital admissions. The House Officer is responsible for completing a comprehensive Electronic Discharge Summary at the time of patient discharge, a copy of which is given to the patient together with other documents, including prescriptions. Discharge summaries are to include current medication therapy, follow-up appointment details and, if applicable, community laboratory requests to monitor slow acting anti-rheumatic drugs (SAARDs). • Occasionally, if the Rheumatology Registrar is off sick or otherwise absent, the House Officer may be asked to perform further duties to aid the smooth running of the department and clinically reviewing patients who may present acutely as out-patients; assessing chronic rheumatology patients who may present acutely to the Emergency Department. Although primarily the responsibility of the Rheumatology Registrar, the House Officer may have the opportunity of gaining additional experience particularly in procedures such as joint aspiration and injection.
Administration	<ul style="list-style-type: none"> • Legible notes will be written in patient charts on assessment / admission, daily on weekdays, on Consultant ward rounds and whenever management changes are made. • All instructions (including drugs, IV fluids and instructions for nursing) will be accurately and legibly recorded and legibly signed. • Appropriate laboratory tests will be requested and results sighted and signed, and reported to the Registrar and/or Consultant if abnormal. A list will be prepared for the Radiology Department 24 hours in advance of the weekly team x-ray conference. Referrals will be made at the Consultant's request to other specialists/units, clearly stating the problem to be addressed. House Officers will attend and present patients at the weekly ward meeting. • Discharge documentation should be completed prior to the patient being discharged. Patients will receive a copy of the comprehensive Electronic Discharge Summary (EDS), a prescription, and follow up appointment if required. Where early GP follow up is anticipated or the case is complicated the House Officer should ensure the GP is updated by telephone. • The House Officer may, at the Registrar's request, be responsible for completion of death certificates of patients who had been under their care. • The House Officer is expected to attend the Division of Medicine's weekly clinical meeting. There is mandatory attendance at the monthly Mortality Review Meeting and the quarterly Orientation and Quality Assurance meetings (unless on urgent clinical duties). • Obtain informed consent for procedures within the framework of the Medical Council guidelines which state: <ol style="list-style-type: none"> 1. "The practitioner who is providing treatment is responsible for obtaining informed consent beforehand for their patient. The Medical Council believes that the responsibility for obtaining consent always lies with the consultant – as the one performing the procedure, they must ensure the necessary information is communicated and discussed." 2. "Council believes that obtaining informed consent is a skill best learned by the house surgeon observing consultants and experienced registrars in the clinical setting. Probationers should not take informed consent where they do not feel competent to do so."

<i>Area</i>	<i>Responsibilities</i>
	<ul style="list-style-type: none"> • If absent due to unexpected circumstances (e.g. health, other), contact the RMO Support Unit or, if after hours, the Duty Manager directly as well as the Consultant to which the registrar is clinically responsible in the absent duty. • As an RMO working at CMDHB you will be provided with a Concerto login and CMDHB email account which will be used for all work related communication. It is your responsibility to ensure you check this regularly.
