

RUN DESCRIPTION

POSITION:	Adult General Rehabilitation Registrar 2
DEPARTMENT:	Adult Rehabilitation and Health of Older People
PLACE OF WORK:	Adult General Rehabilitation (, Middlemore Hospital)
RESPONSIBLE TO:	ARHOP General Manager and Clinical Director, Service Manager and Clinical Head through their supervising Consultants.
FUNCTIONAL RELATIONSHIPS:	Health care consumers Hospital and community based health care workers
PRIMARY OBJECTIVE:	To facilitate the management of patients under the care of the Rehabilitation Medicine Senior Medical Officers
RUN RECOGNITION:	This run is recognised by the AFRM (Australasian Faculty of Rehabilitation Medicine) and Australasian College of Physicians as a training position for specialist qualification in Rehabilitation Medicine and Geriatric Medicine
RUN PERIOD:	6 months

Section 1: Registrar's Responsibilities

<i>Area</i>	<i>Responsibilities</i>
Clinical Duties	<ul style="list-style-type: none"> This registrar in this position works with the Adult Rehabilitation Consultants in management of the rehabilitation patients on Ward 23, Middlemore Hospital. The Registrar will ensure that all inpatients are reviewed and discussed with the consultant and the interdisciplinary team including nursing staff, and are seen daily during the week and as required. Some of these duties may be delegated at appropriate times to the House Officer. Both the Adult Rehab service teams have assigned house officers who work with the registrar and one consultant. The Registrar will be available to attend consultant ward rounds and will have a current knowledge of the progress of inpatients under their care. The Registrar is also expected to perform an independent weekly ward round along with the house officer and report back to the Consultant for advice. Registrar will complete acute spinal ward round in ward 11 and spinal referrals under the guidance of spinal SMO. This usually on Wednesday. The Registrar will answer calls from GP's, consultants and patients in the community and arrange to assess patients if necessary. This rarely may include seeing referrals at other hospitals in the Auckland region. The Registrar will attend rostered outpatient clinics at Counties Manukau Health, under supervision and will endeavour to see outpatients at their scheduled appointment times.

Area	Responsibilities
	<ul style="list-style-type: none"> • Clinical skills, judgement, knowledge and a holistic patient-centred, goal-centred approach of rehabilitation are expected to improve during the attachment. • The Registrar is expected to attend weekly interdisciplinary (IDT) case conferences, and run family and other team meetings in Ward 23 • Minor surgical procedures as well as injection techniques may be performed under consultant supervision as indicated. • The Registrar is expected to provide help to his/her colleagues in the ARHOP (Adult Rehab and Health of Older People) Department if required, during busy periods.
Administration	<ul style="list-style-type: none"> • The Registrar and house officer are responsible for timely completion of the electronic discharge letter on discharge or death of each patient, recording principal and secondary diagnoses and treatment and procedures performed. • The Registrar is also responsible for the completion of death certificates for patients who have been under their care - this may be delegated to the house officer. • The Registrar will be expected to participate in quality assurance/clinical governance programmes within rehabilitation services and, in particular, will be responsible for completion of a mortality case review of patients dying under his/her care and presenting this to the consultant. • A letter will be written to the patient's GP after each outpatient visit. The results of all investigations will be sighted and signed, and if necessary acted on before they are entered into the patient's chart. • Every new admission will have the resuscitation status clearly documented, after discussion with the patient or the patient's POA, and signed by the registrar on the appropriate forms in accordance with clinical board policy. When unsure the case will be discussed with the supervising consultant. • Obtain informed consent for procedures within the framework of the Medical Council guidelines which state: <ol style="list-style-type: none"> 1) "The practitioner who is providing treatment is responsible for obtaining informed consent beforehand for their patient. The Medical Council believes that the responsibility for obtaining consent always lies with the consultant – as the one performing the procedure, they must ensure the necessary information is communicated and discussed." 2) "Council believes that obtaining informed consent is a skill best learned by the house surgeon observing consultants and experienced registrars in the clinical setting. Probationers should not take informed consent where they do not feel competent to do so." • If absent due to unexpected circumstances (e.g. health, other), contact the RMO Support Unit or, if after hours the Duty Manager directly as well as the Consultant (by phone) to which the registrar is clinically responsible in the absent duty • As an RMO working at CMDHB you will be provided with a Concerto login, a CMDHB email account and a phone which will be used for all work related communication. It is your responsibility to ensure you check email and text messages regularly.
